RE: Application of Water Head, LLC Requesting Approval of the Modification of Its  
Tariff for Water Service Filed Pursuant to S.C. Code Regulation 58-5-240(G)  
**Docket No. 2017-24-W**  
**Order No. 2017-120**

Dear Ms. Boyd:

In response to Order Number 2017-120 issued by the Public Service Commission (the "Commission"), the Applicant, Water Head, LLC ("Water Head"), respectfully submits this letter in support of its Application for a modification of language in its tariff and approval of the request to add the requested Connection Fee.

On November 6, 2008, the Commission issued Order 2008-727 granting the acquisition of the water system at Gauley Falls Subdivision by Water Head. As part of the Order, the Commission advised Water Head to conduct a cost benefit analysis concerning the installation of water meters. Currently, water meters are not used in the Water Head service area. In an attempt to transition away from a flat rate, Water Head intends to install water meters for new customers. As the majority of homes in the Water Head service area are used only seasonally, we believe this will be more economical for the customers and allow us to provide better service.

Previously, the Connection Fee was used solely to cover the cost of connecting a new customer to the water system. Water Head is now requesting approval of a charge necessary to install water meters for all new developmental structures, in addition to covering the cost of connecting the new customer to the water system.

Should you have any questions, please do not hesitate to contact me.

Respectfully yours,

A handwritten signature in black ink, appearing to read 'D. Trammel', with a large, stylized flourish at the end.

Daniel Trammel  
Attorney for Water Head, LLC
